Cleaning Day May 3rd

The board would like to thank you for the fantastic turnout on the clean-up day! The basement corridors and shelters have now been cleared, and the parking lots have been raked of leaves and needles.

The charging stations on Ekorstigen

It now costs 5 SEK/kWh to charge the car at the 4 public charging stations.

The lighting in the stairwells

We are in the process of replacing the lighting in the stairwells with LED lights. The lighting will be motion-detected.

Wasps

There are some wasps that manage to get into the apartments. Unfortunately we can't do anything about this before midsummer as Anticimex doesn't combat wasps until after midsummer when the wasps have built a nest.

The old tractor

The old tractor is now sold for 153,000 SEK.
