Bicycle cleaning and cleaning day with sausage grilling

On Sunday, November 9th, we will all hang out with our neighbors and at the same time help make our association extra nice by cleaning our parking lots and clearing out objects that do not seem to be in use.

Meeting point: At the small christmastree on the grass field Lostigen 28

Cleaning/Cleaning: 13.00-14.00

Sausage grilling: 14.00-15.00

This year we choose the strategy of marking bicycles, carts, and the like in advance that do not seem to be in use or that are wrong. The marking will take place on 05/10 and applies to both outdoor and indoor objects.

Black and yellow tape is the marking that will be used. If you have any belongings that have been marked with tape that you want to keep, just remove the marking before 16/11 to show that it should be kept.

Read more on our website under news.

Densification

The agreement that the board made with HSB-exploitation to explore the municipality's thoughts on densification and our possibilities for land sales of the pizzeria site has been terminated by HSB.

The board has signed a new similar 1-year agreement with Settler Properties AB.

Any sale of the land must be approved at an association meeting.

Parking in the yard

You can park in the yard in an unmarked parking space to drop off/pick up things.

Note that if the car is left standing without activity for more than 6 minutes, Aimo will issue a parking ticket. The time starts when the parking attendant enters the registration number in their app. The time is therefore measured by their computer.

Flea Market

If you are interested in a flea market in the association, visit our [Facebook](#) page. The proposal is to have a flea market on 31/8.

Internet Safety

The Internet Foundation offers tips and advice on how to avoid being scammed on the internet and increase your online safety.

Textile collection

From October 1st this year, the law on separate collection of textiles will be changed. It will then be possible to throw holey socks, stained textiles and worn-out clothes directly into the garbage bag again, instead of handing them in for recycling.

Mobile recycling center (ÅVC) and environmental station (MS)

ÅVC will be at Ekorrtigen 2 (behind the pizzeria) on Monday, August 25th, 4:30 - 7:30 PM

MS will be at Ekorrtigen 2, Thursdays in odd weeks, 7:35 - 8:00 PM.

See Solna Municipality's website for more information on what can be left at which function:
