Preparedness

The Board has established a working group on preparedness issues. The working group, which in addition to board members consists of volunteer residents in Brf Bergshamra, will, among other things, review available crisis and preparedness information for the association's members.

The working group also intends to prepare the association's common areas, such as our shelters, in the event of a crisis or war. Do you want to help in the work? Or do you have any questions or suggestions about what the working group should address?
