Parking spaces

Several months ago, the association sent out new contracts to everyone who rents a parking space. Those who have not signed these and sent them back to HSB must do so as soon as possible. After October 1st, only the new agreements apply to the association's parking. If you are unsure whether you have signed, contact HSB via <https://www.hsb.se/>

Pests

Unfortunately, we have problems with fur beds and clothes moths in some stairwells and in some basements. If you find these pests, write a fault report on our website, see <https://www.brfbergshamra.se/kontakt> The association has ordered traps for moths and will place these in the basement, we will go out with information in gates that everyone needs to check their storage.

Tips and advice for getting rid of moths and preventive measures: Only put away clean clothes, preferably packed in tight packaging (bags or boxes with lids) Check discarded textiles regularly Infested textiles can be heat treated at 60°C by washing, ironing or tumble drying. However, always check the washing instructions that the textiles can withstand such high temperatures. Infested textiles can also be put in bags and frozen. At least one week in -18°C is enough Empty spaces, such as closets, walk-in closets, dressers, etc., of clothing and textiles Vacuum affected spaces. Be careful about moldings, cracks and cracks Freeze the vacuum cleaner bag before throwing it in the trash.

Wasps

If you have problems with wasps in the apartment, you should contact Anticimex, <https://www.anticimex.se/kontakt-privatperson/>
